Our Katrina experience was: Emotionally Devastating yet Hopeful!
We evacuated to Jackson, Ms. relocating three times Aug 28-Nov 12
My raised home sustained five feet of water. Everything inside
was a total loss. The structure is in sound condition, has been
gutted & I am trying to rebuild as soon as possible. This life
altering event has taken its toll on us, especially on my
aging mother both emotionally and physically.

Write something special that you would like Santa to bring you or your family:

The one "special something" I would deeply appreciate is for some type of elevator or lift to enable my mother to have easy access to the outdoors from the upstairs home. God Bless You All for anything you are able to do for us, especially for your prayers and thoughtfulness. Please use back or another sheet of paper, if you want to write more. We want to hear your story.
